About Us

ardent^{adj.}

definition: passionate, very enthusiastic and showing strong feelings about something/somebody

Ardent Home is more than furniture. We are passionate about expanding our reach for the greater purpose of enriching and impacting others all for the glory of Jesus Christ, our Savior.

From a small racing parts shop in Louisiana, to a flea market, to a retail furniture store and ultimately to wholesaling rustic furniture, our humble beginnings have shaped and defined its place in the market.

This culmination began September 2, 2012 when God spoke to owner, Correy Arnaud. A vision of turning his dad's dilapidated, old speed shop building into the company it is today.

The business has grown and expanded into Atlanta with a second warehouse location. These locations now serve the southeast and parts of the northeast and midwest. It is our desire to have a positive impact around the globe as we strive to place furniture in homes across all 50 states.
